Electing to personalize the casket enhances memories by featuring the passions, hobbies or pastimes of the deceased. Families can choose from established themes such as religious, patriotic, and ethnic heritage or create a custom option.

The primary way to personalize is to change out the casket's insert panel. Many of the insert panel options also come with coordinating decals and accent designs. For a more specific option, families can design and order custom made panels with specific names, dates and messages through our Customer Service Department.

Please contact your Regional Sales Manager, Regional Marketing Manager or a Customer Service Representative regarding personalization options.
